SUPPLEMENT 25X1A

1. On 8 November 1946 President Hübener, of the then Province of Saxony, addressed a letter to all of the Saxon Provincial Departments in which he stated that he had requested the Soviet Military Administration to arrange a conference to which the presidents of all lands and Provinces of the Russian Zone and the presidents of the Central Administrations for Industry, for Fuel and Energy, and for Finance should be invited. The purpose of this meeting was to discuss the effects of the Soviet AG's on the German economy. In order to have the proper data for such a conference, President Hübener requested the head of each Saxon Provincial Department to prepare a report on the effects of the Soviet AG's on his department.

25X1A 2. [REDACTED] that up to early March 1947 President Hübener's letter to the Soviet authorities had found no response, and no conference such as that outlined by President Hübener had taken place.
